

## Eco Committee Minutes

Meeting held on: 03/10/2025

|                             |  |
|-----------------------------|--|
| <b>In Attendance</b>        | Miss Bailey & Eco Committee  |
| <b>Items for discussion</b> | <p><b>Recycle Week Discussion</b></p> <p>We talked about Recycle Week and why it's important. It's a special time to remind everyone how recycling helps our planet. Recycling means turning old things into new things so we don't waste materials or harm nature.</p> <p><b>What Can Be Recycled?</b></p> <p>We learned that lots of materials can be recycled, like:</p> <ul style="list-style-type: none"> <li>• Paper and cardboard</li> <li>• Plastic bottles</li> <li>• Metal cans</li> <li>• Glass jars</li> </ul> <p>We also talked about how recycling only works well when we put the right things in the right bins. It's important to know where and what to recycle.</p> <p><b>Recycling Poster Plan</b></p> <p>We decided to make recycling better in our school! Each Eco Committee member will design a small part of a recycling poster. Then we'll put all the pieces together to make one big poster for each classroom. This will help everyone remember how to recycle properly.</p> <p><b>Walk to School Week</b></p> <p>Next week is National Walk to School Week! Miss Bailey will be doing an assembly to talk about why walking to school is great:</p> <ul style="list-style-type: none"> <li>• It's healthy</li> <li>• It's good for the planet</li> <li>• It's fun with friends!</li> </ul> <p>Let's all try to walk to school and encourage our friends to join in too!</p> |

| Actions Needed   | To be Completed by |
|--|--------------------|
| Ask the Office to draw a poster up for teachers to put in their classrooms                       | Office Staff       |
| Assembly to take place by Miss Bailey.   | Miss Bailey        |
| Every child across school to be encouraged to walk into school for National Walk to School Week. | School Council     |
