

Eco Committee Update – April 2026

Date – 24th April 2026

Attendance – Miss Smith & Eco Committee + Guest - Mrs K Peace

A Very Special Visitor!

Our Eco Committee were delighted to welcome a special guest to their meeting – Mrs K Peace, the Chair of Governors. The children were excited to share the hard work they have been doing to make our school more eco-friendly.

Creating Our School Eco-Code

The committee explained to Mrs Peace how they worked together to create our school Eco-Code. They discussed how the code helps everyone in school to remember how to care for our environment, reduce waste, and protect nature.

Opening of the Nature Park

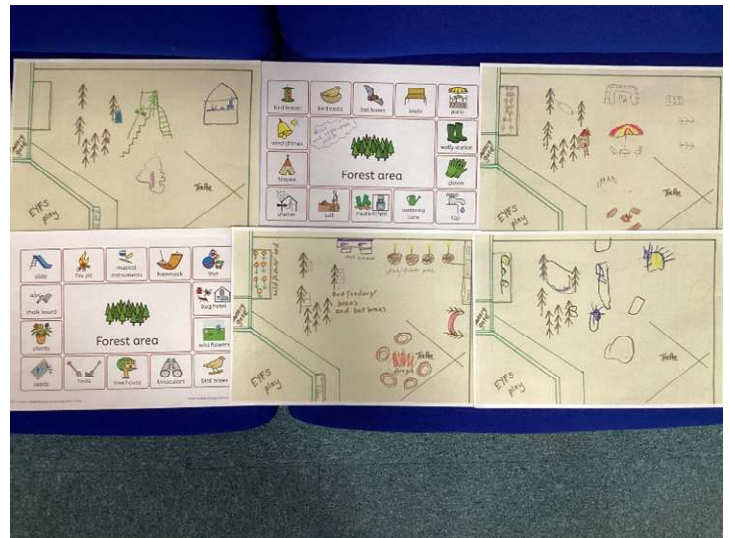

With the grounds work now complete, Mrs Peace officially opened the Nature Park area. The children proudly showed Mrs Peace around, explaining how they use space to learn about biodiversity, plants, and the importance of encouraging pollinators. (before and after pics 😊)

Looking Ahead – Our Future Plans 🌻

The Eco Committee also shared how they planned and mapped out the Nature Park. They are looking forward to planting wildflowers and have lots of exciting ideas to develop the space into a Forest School area. After last month's storm damage to the Tee-Pee, the children are especially excited to redesign and create something new.

Well done to our Eco Committee for their fantastic teamwork and commitment to helping our school look after the environment!
